

Queen of the Valley Medical Center opened its doors on March 3, 1958.

MISSION

To extend the healing mission of Jesus in the tradition of the Sisters of St. Joseph of Orange, by continually improving the health and quality of life of people in the communities we serve.

VALUES

DIGNITY – We respect each person as an inherently valuable member of the human community and as a unique expression of life.

EXCELLENCE – We foster personal and professional development, accountability, innovation, teamwork and commitment to quality.

SERVICE – We bring together people who recognize that every interaction is a unique opportunity to serve one another, the community, and society.

JUSTICE – We advocate for systems and structures that are attuned to the needs of the vulnerable and disadvantaged and that promote a sense of community among all person.

MAIN HOSPITAL

Internal renovations include the addition of four state-of-the-art surgical suites and an increase in licensed bed capacity. We're currently planning expansions of our cardiac catheterization lab, and the relocation of the hospital laboratory.

WELLNESS CENTER

This innovative, 59,000-square foot, 2-story facility integrates medical fitness, disease prevention & management, and rehabilitation into one of the largest facilities of its kind in Northern California.

Cardiac Rehab
Diabetes Wellness Program
Cancer Wellness Program
Synergy Medical Fitness Center
Physical/Occupational/Speech Therapies
Women's Imaging Center: 2 digital mammography, Bone density, Stereotactic breast biopsy

NAPA VALLEY IMAGING CENTER

This freestanding 7,347-square-foot facility on the Queen's campus features some of the top diagnostic imaging equipment available today. We provide cardiovascular, vascular, and musculoskeletal images in astounding three-dimension clarity.

CENTER FOR MATERNAL & INFANT CARE

A 9,000-square-foot addition and a 1,475-square-foot renovation designed to keep moms, babies, and extended families comfortable with 10 new, private mother/baby suites, a new well-baby nursery, a private lobby and entrance.

OUTPATIENT SURGERY PROCEDURE CENTER

The 20,000-square-foot-facility includes four procedure rooms, with separate pre-op and recovery areas.
