Our Vision

To be recognized as a leader in providing regional integrated health care, promoting health improvement and creating healthy communities.

Outpatient Surgery & Procedure Center

This brochure will answer some of your questions about what to expect in preparing for your surgery. The information is important, so please read it carefully and share it with the person who will be taking care of you at home.

Outpatient Surgery & Procedure Center

Napa, CA 94558

Preparing For Your Procedure

Queen of the Valley Medical Center

Queen of the Valley Medical Center
What Should I Expect?
You will be contacted by a Procedure Nurse for your preoperative phone interview. Your interview will take place the day before your procedure. A Registered Nurse will phone and review your medications, medical history and instruct you on any tests that may need to be done prior to your procedure. Please have your medication list available and a list of questions you would like to ask.

When And What Should I Eat?
You will be instructed on the date and time you are to stop eating or drinking prior to your procedure. These times and instructions will vary with each individual. Please do NOT eat or drink after the time frame given to you. This includes water, food, coffee, any liquids, chewing tobacco, chewing gum, candy, breath mints, throat lozenges, antacids, etc. These restrictions are for your safety.

What About Medications?
You should take your usual morning blood pressure and heart medicines with a sip of water unless you have received other instructions regarding your medications from your doctor.

Will I Need Someone To Take Me Home?
YES. To ensure your safety, you must make arrangements for a responsible adult to drive you home after your procedure. If you do not have these arrangements made on the day of your procedure, your procedure may be cancelled.

What should I bring?
- Your insurance or MediCal cards, your ID card/driver’s license, and a list of your current medications.
- If you wear contact lens, bring the container and solution for them or wear your glasses.
- NO jewelry, valuables, purses or wallets.

What if I become sick before my procedure or need to cancel my appointment?
Call your physician’s office or the hospital operator at 252-4411 and leave a message with the Nursing Supervisor as soon as possible.

Registration Information
It is very important to have any preprocedure lab or other tests ordered by your physician prior to coming to the Procedure Center. Our labs are located at the following locations:

Queen of the Valley Medical Center
1000 Trancas St., Napa 252-4411

Napa Valley Lab
3448 Villa Lane, #103, Napa 251-2041

Clinic West Lab
1100 Trancas St., #254, Napa 257-4062

American Canyon Lab
3451 Broadway, American Canyon 553-2317

We are looking forward to making your outpatient experience as pleasant and comfortable as possible. Our Outpatient Surgery and Procedure Center physicians and staff are committed to our core values of Service, Dignity, Excellence and Justice.

Location
The Outpatient Surgery and Procedure Center (OSPC) is located at 1000 Trancas Street. You may take Villa Lane to the driveway behind the Wellness Center and follow it straight back. The OSPC will be to the right of the Napa Valley Imaging Center. Reserved parking is available in front of the building. Parking for people with disabilities and a covered area for patient drop off and pick up is located in front.

The OSPC is a smoke-free environment
